

LASER 128 Series

Compatible Software List*

* The software listed in this booklet has been thoroughly tested and proven to be compatible with the Laser 128 Series computers. With over 30,000 software titles available, it is impossible for us to test every one. **Virtually all Apple® II, II+, IIc, and IIe software will work on our machine.** This list will be updated periodically to reflect new entries.

Version 1.0 – May, 1988
